

Mira Costa High School ☺ Student Registration Information ☺ See Dates Below!!

The staff members of Mira Costa High School would like to welcome you back for another great school year! Please be sure to read this document and all school communication as they are important to a smooth start to school.

What can students do to help?

Students will be receiving a printed copy of their classes during registration. They should then log-in to Aeries the morning of the first day of school to ensure they are attending the most up-to-date schedule. Should a schedule change be necessary, students will have the opportunity to submit a Schedule Change Request Google Form. This link will be emailed to all students at their mbusdapps.org email account the first day of registration.

What can parents do to help?

Be aware that the counselors will not be able to make schedule changes on the phone or through email as they are going through every student's schedule in the days leading up to day one of school. Parents can make sure their student submits a Schedule Change Request Google Form, if needed.

Prior to registration, it is MANDATORY that parents complete the online *Aeries Parent Data Confirmation Process*. Please refer to the email sent from MCHS in July/August with details regarding this process. **Parents will need to print out and sign the registration verification form, found under the "Documents" tab, and send the printout with their student on their registration day.**

New students who have moved to the District over the summer, please visit the Mira Costa website at www.miracostahigh.org. Under "News and Announcements", click on the enrollment icon. Follow directions found in the last column. Bring complete enrollment packets to Mira Costa and place them in the drop box near the front entrance to the main office, beginning August 2nd. New students/parents will be contacted by a counselor the second week of August to schedule classes. We look forward to meeting you!
